## Pray the Devil Back to Hell

Free Film & Discussion Sponsored by the Northampton Committee to End the Wars

The film details the work of outstanding and courageous women of Liberia in ending the brutal repression and conflict of 1989 to 2003 in their country, a war that finally caught the world's attention as trafficking in diamonds and the recruitment of children as soldiers came to light.

Current President Ellen Johnson Sirleaf was one of these women and received the 2012 Nobel peace prize.
